Discount:	50%
Available:	ready for shipping
Price:	4.066,83 € (nett:3.417,50 €)

Product description

This set of summer wheels for the Porsche 911 model 992.1, specifically for the Carrera S variant, combines aesthetics with high performance. The wheels consist of two differently sized rims: 8.5J x 20 ET53 at the front and 11.5J x 21 ET67 at the rear, both in an elegant black satin finish. This set includes brand new Goodyear summer tyres in sizes 245/35 R20 for the front axle and 305/30 R21 for the rear axle, which guarantee optimum grip and excellent handling during the warmer months.

In addition, the wheels are equipped with TPMS (tyre pressure monitoring system) sensors, which constantly monitor the air pressure and contribute to safety. The OEM number for this wheel set is 992044660C, which confirms its authenticity and high quality as a Porsche original part.

Although marked as used, the rims are in like-new condition with very low mileage and minimal signs of use or storage. The tyres are factory new and unused, making this set an excellent choice for Porsche owners who value quality and originality. Ideal for drivers who want to improve both the performance and appearance of their vehicle.

Technical specifications

Front rims:	Article number: 992601025DDJE1 Quantity: 2 Rim width: 8,5J Rim diameter (inch): Offset (ET):
