Available: shipping in 2-3 weeks

Price: **4.095,08 €**
(nett:3.441,24 €)

Product description

This set of 20-inch Carrera S (III) winter wheels for the Porsche 911 model 991.1 C4/4S/GTS (pre-facelift, all-wheel drive) is an excellent choice for drivers who expect optimum performance and safety even in winter. The wheels are fitted with high-quality Pirelli Sottozero II winter tyres, which come in sizes 245/35 ZR20 for the front axle and 295/30 ZR20 for the rear axle. This tyre combination offers excellent traction and control on winter roads.

The rims measure 8.5J x 20 ET51 for the front axle and 11J x 20 ET52 for the rear axle, ensuring a perfect fit and excellent driving stability. The platinum silk matt rim finish gives your vehicle a stylish and elegant look that clearly sets it apart from the crowd.

Please note that this wheel set is supplied without TPMS sensors (tyre pressure monitoring system sensors). The rims are in mint condition with very low mileage and may show minimal signs of use or storage, while the tyres are brand new (0 km mileage).

The OEM numbers for this wheel set are 99104460037, 99104460059 and 99104460093, confirming that these are genuine Porsche parts. This guarantees high quality and a perfect fit specifically for your vehicle model.

This wheel set is an excellent investment for the winter months, not only improving the safety and performance of your Porsche 911, but also enhancing its aesthetic appeal.
