Product description

This Porsche 718 982 GT4 RS/Spyder RS wheel rim is a premium choice for enhancing the aesthetics and performance of your Porsche 718 Boxster or Cayman from the 982 model series. Specifically designed for the GT4 RS and Spyder RS models, this wheel rim features a 20-inch diameter and an 8.5J width, with an offset (ET) of 61. The wheel is finished in a sleek, satin black color that adds a touch of elegance and sportiness to your vehicle.

The OEM number for this product is 9GT601025D JE1, ensuring it is a genuine Porsche original part, perfect for maintaining the quality and performance standards Porsche owners expect. This new, unused, and undamaged wheel rim is sold as a single unit and can be fitted on either the left or right side of the vehicle, as indicated by the location code L=R.

The wheel's dimensions and specifications, including a feature code of JE1, are meticulously designed to fit perfectly with the specified Porsche models, ensuring not only a seamless fit but also optimal handling and driving stability. Whether replacing an old rim or upgrading your vehicle's appearance, this Porsche 718 982 GT4 RS/Spyder RS wheel rim is an excellent choice for Porsche enthusiasts seeking quality and style.
