### Product description

This set of 21" Cayenne SportPlus summer wheels for the Porsche Cayenne E1 (models 955/957) combines stylish aesthetics with high functionality. The 10J x 21 rims with ET50 and ET45 offsets feature a high-gloss black finish that gives your vehicle a striking and elegant look.

The wheels are fitted with new Michelin 295/35 R21 summer tyres, which ensure excellent driving characteristics during the warmer months. These tyres not only offer excellent road grip and stability at high speeds, but also increased driving comfort.

In addition, the wheels are equipped with TPMS (tyre pressure monitoring system) sensors, which constantly monitor the pressure in the tyres, thus ensuring improved safety and efficiency.

The wheels are marked as used, but they are Porsche original parts that are new or as good as new. The rims have low mileage and may show minimal signs of use or storage, while the tyres are factory new (0 km mileage).

The OEM number for this set is 95504460228, which confirms the compatibility and quality of these parts. This wheel set is an excellent choice for drivers who value quality, safety and an attractive appearance.

## Technical specifications

Front rims:	Article number: 95536215800041
	Quantity: 2
	Rim width: 10J
