Product description

The Porsche Cayenne E1 955/957 SportPlus summer wheel set is the ideal solution for those seeking high quality and performance. The set includes 10J x 21 ET50 rims for the front axle and 10J x 21 ET45 rims for the rear axle, ensuring excellent stability and road grip. The set is complemented by new, factory-fresh Michelin summer tyres in size 295/35 R21, which offer exceptional traction and driving comfort in warm conditions.

The rims feature a modern design and are made of high-quality materials, which guarantees their durability and resistance to damage. Michelin tyres, known for their excellent driving characteristics, ensure optimal performance on dry and wet surfaces, allowing the driver to enjoy a safe and dynamic ride.

The product is used but in almost new condition, with minimal signs of use or storage. The rims have low mileage, which proves their excellent technical condition. The tyres are new, ensuring maximum efficiency and safety.

The OEM number for this set is 95504460219, which confirms its originality and compliance with the high standards of the Porsche brand. The set is ideal for Porsche Cayenne models from the E1 955/957 series, making it an excellent choice for owners of these vehicles who want to maintain their original character and performance.

In summary, the Porsche Cayenne E1 955/957 SportPlus summer wheel set is a combination of style, performance and quality that will meet the expectations of even the most demanding drivers.
