Product description

This set of 21" Cross Turismo Design winter wheels for the Porsche Taycan J1 II offers an excellent combination of style and functionality for the cold season. The wheels consist of high-quality rims in sizes 9.5J x 21 ET60 and 11.5J x 21 ET66, which are fitted with Continental winter tyres in sizes 265/35 R21 and 305/30 R21. This combination ensures optimum traction and stability on winter roads.

The rims feature an attractive titanium finish that is not only aesthetically pleasing but also robust against harsh winter weather conditions. As original Porsche parts, these winter wheels have been specially developed for the Porsche Taycan, ensuring a perfect fit and performance. The item is new, unused and undamaged, giving you the assurance that you are getting a high-quality product. The OEM number for this set is 9J1073603LBOC6, which provides an easy reference for checking compatibility with your vehicle. Whether you want to increase safety on snowy roads or simply enhance the winter look of your Porsche Taycan, this set of winter wheels is an excellent choice.
