Product description

Upgrade your Porsche Taycan with the exclusive 21" Cross Turismo Design Summer Wheel Set, specifically designed for the facelifted Porsche Taycan J1 II model from 2024 onwards. This set includes high-gloss black rims with dimensions of 9.5J x 21 ET60 for the front and 11.5J x 21 ET66 for the rear, ensuring a perfect fit and an enhanced stance.

The wheels are equipped with brand new Goodyear summer tires, sizes 265/35 R21 at the front and 305/30 R21 at the rear, offering exceptional grip and performance during warmer months. These tires are factory-fresh, boasting zero kilometers on them, which guarantees optimal condition and performance right from the start.

Each wheel is fitted with Tire Pressure Monitoring System (TPMS) sensors, enhancing safety and maintenance by providing real-time tire pressure information. This feature is crucial for maintaining tire health, ensuring safety, and improving fuel efficiency.

The OEM number for this set is 9J1073663LA, confirming its authenticity as a genuine Porsche Original part. Although marked as used, these wheels are in near-new condition with very low mileage and possibly minimal signs of handling or storage.

This wheel set not only enhances the aesthetic appeal of your Porsche Taycan but also promises impeccable performance and reliability, adhering to the high standards expected from Porsche components. Whether you're upgrading for style or performance, this 21" Cross Turismo Design Summer Wheel Set is an excellent choice for any Porsche Taycan enthusiast looking to make a distinctive and functional enhancement to their vehicle.
