Product description

This set of 21" Sport Classic summer wheels for the Porsche Macan II/III (facelift, from 2019 to 2025) combines aesthetics with outstanding performance. The rims in the dimensions 9.5J x 21 ET27 for the front axle and 10J x 21 ET19 for the rear axle feature an attractive platinum silk matt finish, which not only looks impressive but also offers high resistance to environmental influences.

The high-quality Michelin "Latitude Sport 3" summer tyres in sizes 265/40 R21 for the front axle and 295/35 R21 for the rear axle ensure optimum grip and stability at high speeds and improve handling on dry and wet roads. This tyre combination offers a perfect balance between comfort and performance, ideal for sporty driving in summer conditions.

In addition, the wheels are equipped with TPMS (tyre pressure monitoring system) sensors, which continuously monitor the pressure in the tyres and contribute to safety by informing the driver of any pressure loss. The OEM number for this wheel set is 95B044665R, which confirms its authenticity and quality as a genuine Porsche part. This product is new, unused and undamaged, ensuring its high quality and durability. This exclusive wheel set is specially designed for Porsche Macan > Model 95B (14-24) models and offers a perfect combination of style, performance and safety. Ideal for drivers who value quality and a sporty look.
