Available:	availability on request
Price:	5.554,93 € (nett:4.668,01 €)

Product description

This set of 21" RS Spyder design summer wheels for the Porsche Cayenne Coupé E3/9Y0 facelift from 2023 onwards combines aesthetic elegance with outstanding performance. The high-gloss black rims, measuring 9.5J x 21 ET46 on the front axle and 11.0J x 21 ET49 on the rear axle, offer an impressive presence and are specially tailored to the proportions of the Porsche Cayenne Coupé.

Equipped with brand new Pirelli P Zero summer tyres in sizes 285/45 R21 at the front and 315/40 R21 at the rear, these wheels ensure optimum grip and excellent road holding in summer conditions. The tyres are renowned for their outstanding performance in both dry and wet conditions and offer a perfect balance between handling, comfort and safety.

In addition, the wheels are equipped with TPMS (tyre pressure monitoring system) sensors that constantly monitor the pressure in the tyres, ensuring increased driving safety. This feature is particularly valuable for maintaining the tyres in optimal condition and minimising fuel consumption.

The rims and tyres are in very good condition and undamaged, making them an excellent choice for drivers who value quality and originality. The OEM number for this set is 9Y0044643C, which confirms its authenticity and specific suitability for the Porsche Cayenne Coupé model 9Y0.

This wheel set is not only a functional addition, but also a visual enhancement for your vehicle, emphasising the sporty lines of the Porsche Cayenne Coupé. Ideal for drivers who value both performance and style.
