Available:	ready for shipping
Price:	5.480,25 € (nett:4.605,25 €)

Product description

This set of 21" RS Spyder winter wheels is specifically designed for the Porsche Cayenne E3/9Y0 I models from the years 2018 to 2023, excluding the Cayenne Coupé. The set includes high-gloss black rims sized at 9.5J x 21 ET46 for the front and 11.0J x 21 ET58 for the rear, perfectly complementing the dynamic aesthetics of the Porsche Cayenne.

Equipped with brand new Continental winter tires, dimensions 275/40 R21 at the front and 305/35 R21 at the rear, these wheels ensure excellent traction and performance in winter conditions. The inclusion of TPMS (Tire Pressure Monitoring System) sensors enhances safety by providing real-time tire pressure information, ensuring optimal performance and increased tire life.

The OEM number for this set is 9Y0044611H EXC, confirming its authenticity as a Porsche Original part. Despite being marked as used, the wheels are in near-new condition with very low mileage and possibly minimal signs of wear or storage marks. The tires are brand new, ensuring zero kilometers on the road.

This wheel set not only enhances the look of your Porsche Cayenne with its sleek black finish and RS Spyder design but also promises unmatched performance during the colder months, making it an essential upgrade for any Porsche enthusiast looking to combine style with practicality during winter.

Technical specifications

Front rims:	Article number: 9Y0601025BFEXC Quantity: 2 Rim width: 9,5J Rim diameter (inch): Offset (ET):
