Price:	882,22 € (nett:741,36 €)

Product description

This black leather dashboard is an original replacement part for the Porsche Cayenne, specifically for the 9Y0 model, which was produced from 2018 onwards. The OEM number for this part is 9Y1857003BBA11-002, which confirms its authenticity and specific fit for the vehicle model in question.

Although the dashboard is made of high-quality leather, it has visible damage and is in poor condition. This could include cracks, wear and tear or other aesthetic imperfections that have occurred during use. Despite the damage, this is an original Porsche part, which means that it meets the manufacturer's high standards in terms of material quality and fit.

Buyers who are looking for a replacement dashboard for their Porsche Cayenne and are willing to carry out any necessary repairs themselves or have them carried out by a specialist are likely to benefit from this product. It offers a more cost-effective alternative to a new part, especially if the focus is on originality and brand loyalty.

In summary, this damaged black leather dashboard is an option worth considering for owners of a Porsche Cayenne model 9Y0 who are looking for an original part at a reduced price and are willing to accept any necessary repairs.
