Product description

This front trunk lid, specifically designed for the Porsche 911 model 992, including the GT3, Dakar, and S/T variants, is a premium automotive part made from high-quality carbon fiber. The lid is meticulously crafted to meet the exact specifications of these high-performance models, ensuring a perfect fit and optimal functionality. The carbon fiber construction not only provides exceptional strength and durability but also significantly reduces the weight compared to standard materials, which enhances the overall performance of the vehicle by improving its speed and fuel efficiency.

The part is finished with a high-quality paint that not only adds to the aesthetic appeal of the vehicle but also provides an additional layer of protection against environmental elements. This front trunk lid is an OEM (Original Equipment Manufacturer) part, with the OEM number 9GT823021, guaranteeing that it meets the strict quality standards set by Porsche and ensures compatibility with the specified models.

Conditioned as new, this part has never been used or damaged, maintaining its pristine quality straight from the manufacturer. It is an ideal choice for replacing a damaged front trunk lid or for upgrading your Porsche 911 992 for a more customized or performance-oriented setup. This genuine Porsche part ensures reliability and performance, making it a valuable investment for maintaining the integrity and value of your vehicle.
