Price:	**2.576,59 €** (nett:2.165,20 €)

Product description

This original LED matrix headlight for the Porsche 911 model 992.2 is specially designed for the right side of the vehicle. The innovative LED matrix technology provides excellent illumination of the road, significantly improving safety when driving at night. This high-quality lighting element is not only efficient but also energy-efficient and durable.

The OEM numbers for this headlight are 992941040AF and 992941040AD, which confirms its authenticity and specific fit for the Porsche 911 model 992. As a used part, this headlight is in very good condition and is undamaged. It is an original Porsche part, which ensures seamless integration and functionality with your vehicle.

This LED matrix headlight is an excellent choice if you need to replace a defective or damaged unit or simply want to upgrade your vehicle with original Porsche parts. Installation can be carried out directly without any modifications to the vehicle, as this part has been specially developed for the specified model.
