Price:	1.888,08 € (nett:1.586,62 €)

Product description

This high-quality LED headlamp in matrix design for the right-hand side is specially designed for the Porsche 911 model 992. The innovative LED technology ensures optimum illumination of the road while simultaneously reducing energy consumption. The matrix function enables intelligent light distribution that automatically adapts to the traffic conditions to ensure maximum visibility without dazzling oncoming vehicles.

This headlight bears the OEM numbers 9P5941114F, 9P5941114E, 9P5941114D, 9P5941114B and 9P5941114A, which confirms its authenticity and compatibility with corresponding vehicle models. As a used original part from Porsche, this headlight is in very good and undamaged condition, making it a cost-effective alternative to a new purchase.

Fitting this part not only offers a restoration of the original aesthetics and functionality of the vehicle, but also helps to preserve the value of the vehicle by using only original parts. Ideal for owners who value quality, safety and originality.
