Discount:	75%
Available:	ready for shipping
Price:	1.433,75 € (nett:1.204,83 €)

Product description

The steering gear with rear axle steering for the Porsche Panamera model 971 is a high-quality replacement part that has been specially developed for this vehicle model. The OEM numbers for this part are 971423051EN, 971423051EJ, 971423051EA and 971423051DG, which ensures its authenticity and compatibility with the Porsche Panamera.

This steering gear improves manoeuvrability and steering precision, which is particularly advantageous at higher speeds or in demanding driving situations. The integration of rear-axle steering allows the vehicle to respond more agilely in corners by steering the rear wheels in the same or opposite direction to the front wheels. This results in improved stability and a reduced turning circle.

The steering gear offered is in very good condition and undamaged. It is an original Porsche part, which guarantees high quality and durability. This used part is an excellent choice for Porsche Panamera owners who need a replacement part that maintains or improves the performance and safety of their vehicle without compromising on quality.

In summary, the steering gear with rear-axle steering for the Porsche Panamera model 971 is an ideal choice for vehicle owners who value original parts, performance and safety.
